

# Emerging Markets Short Duration Credit

## Management Team

Elisabeth Colleran, CFA  
David W. Rolley, CFA  
Edgardo Sternberg

## Objective

Seeks positive rate of return with capital preservation focus

## Benchmark

ICE BofA 3-Month Treasury Bill Index

## Highlights

- Value-oriented portfolio investing primarily in hard currency emerging markets fixed income securities of corporations, quasi-sovereigns and sovereigns with duration of less than 5 years
- Seeks to add value by combining top-down macroeconomic analysis with research-driven, bottom-up security selection
- Leverages Loomis Sayles' extensive macroeconomic and credit research including coverage of more than 70 emerging markets countries and over 650 emerging markets corporate, sovereign and quasi-sovereign issuers
- Target duration: 2 to 3 years, subject to market conditions
- Typical average quality: BBB- and above
- Target volatility: 1.5% to 3% per year
- Typical portfolio: 150 to 175 issuers

Diversification does not ensure a profit or guarantee against a loss.

Duration and Maturity for equity securities are deemed to be zero.

Loomis, Sayles & Company, L.P. ("Loomis Sayles") is an independent advisory firm registered under the Investment Advisors Act of 1940. For additional information on this and other Loomis Sayles strategies, please visit our website at [www.loomisayles.com](http://www.loomisayles.com).

**2014: since composite inception of 5/1/14**

Performance data shown represents past performance and is no guarantee of future results. Current performance may be lower or higher than quoted. Returns are shown in US dollars and are annualized for one and multi-year periods. Gross returns are net of trading costs. Net returns are gross returns less effective management fees.

There is no guarantee that the investment objective will be realized or that the strategy will generate positive or excess return. There is no guarantee that the strategy will always be able to maintain its targeted risk level.

Credit Risk, Issuer Risk, Interest Rate Risk, Liquidity Risk, Non-US Securities Risk, Currency Risk, Prepayment Risk and Extension Risk. Investing involves risk including possible loss of principal.

*Due to rounding, Sector, Credit Quality, Duration and Maturity distribution totals may not equal 100%. Country Distribution reflects breakdown of the top 10 country allocations only and therefore does not total 100%. This portfolio is actively managed and characteristics are subject to change. Credit Quality reflects the highest credit rating assigned to individual holdings of the composite among Moody's, S&P or Fitch; ratings are subject to change. Duration and Maturity Distribution Less than 1 Yr. may include cash and equivalents. Cash & Equivalents may include unsettled trades, fees and/or derivatives. TMT: Technology, Media, and Telecom.*

*The Emerging Markets Short Duration Credit Composite includes all discretionary accounts with market values greater than \$20 million managed by Loomis Sayles and that primarily invest in hard currency debt of corporate and quasi-sovereign entities located in emerging market economies with duration of less than 5 years. Loomis Sayles's security level research and significant tactical country and sector allocation are primary alpha sources for this product. Prior to January 1, 2018 the Composite minimum account size requirement was \$5 million. The Composite inception date is May 1, 2014. The Composite was created in 2014.
