Natixis Global Asset Management serves thoughtful investment professionals worldwide through our Durable Portfolio Construction® approach: applying risk-minded insights to empower more intelligent investing. Uniting over 20 specialized investment managers globally (\$874.5 billion AUM¹), Natixis is ranked among the world's largest asset management firms.

¹Net asset value as of June 30, 2016. Assets under management (AUM) may include assets for which non-regulatory AUM services are provided. Non-regulatory AUM includes assets which do not fall within the SEC's definition of 'regulatory AUM' in Form ADV, Part 1.

Fixed-income securities may carry one or more of the following risks: credit, interest rate (as interest rates rise bond prices usually fall), inflation and liquidity. **Foreign and emerging market securities** may be subject to greater political, economic, environmental, credit, currency and information risks. Foreign securities may be subject to higher volatility than U.S. securities, due to varying degrees of regulation and limited liquidity. These risks are magnified in emerging markets. **Mortgage-related and asset-backed securities** are subject to the risks of the mortgages and assets underlying the securities. Other related risks include prepayment risk, which is the risk that the securities may be prepaid, potentially resulting in the reinvestment of the prepaid amounts into securities with lower yields. **Below investment-grade fixed-income securities** may be subject to greater risks (including the risk of default) than other fixed-income securities.
