KEY RISKS

Equity Risk, Market Risk, Non-US Securities Risk, Liquidity Risk. Investing involves risk including possible loss of principal.

Due to rounding, Market Capitalization and Sector Distribution totals may not equal 100%. This portfolio is actively managed and characteristics are subject to change. Top 10 Holdings may combine more than one security from the same issuer and related depository receipts. Portfolio weight calculations include accrued interest. Holdings are based on total gross assets before any fees are paid; any cash held is included. Reference to specific securities or holdings should not be considered recommendations for action by investors. There is no guarantee the account continues to invest in the securities referenced. Cash may include unsettled trades, fees and/or derivatives.

Characteristics are shown for a representative account. Due to systems limitations, it is difficult to analyze characteristics on a composite basis. The representative account was selected because it closely reflects the Loomis Sayles Global Equity Opportunities investment strategy. Due to guideline restrictions and other factors, there is some dispersion between the returns of this account and other accounts in the Composite.
