

MANY TEAMS.  
ONE PURPOSE.

# LS SUMMER INTERNSHIP PROGRAM

## HOW IT WORKS

The Summer Internship Program is a firm-wide development program offered during the summer months. We hire a small number of both undergraduate and graduate students into the Program each year.

## SAMPLE PROJECTS

- Monitoring portfolio performance and identifying dispersion for portfolio managers
- Performing asset management inventory control
- Compiling market, industry or company data, analyzing trends, comparing risk and measuring diversity
- Performing fundamental and technical analysis
- Attending various team meetings to better understand investment research and the investment management profession
- Editing and formatting templates and communications, including company-wide job descriptions
- Assisting with event organization and volunteer opportunities for the firm
- Maintaining promotional merchandise inventory, including tracking and shipping of employee orders

## SKILLS / QUALIFICATIONS

- Current coursework in finance, business, economics or mathematics, or associated department
- Interest in financial markets, or associated department
- Attention to detail
- Solid communication skills, both verbal and written
- Ability to work well independently and in a team environment
- Strong organizational skills
- Experience with Microsoft Office
- Java, Spring (MVC work), J2EE, SQL (technology/quantitative positions only)
